

## Noida International Airport construction in advanced stages, commercial operations expected to begin by end of April 2025

**Noida, June 24, 2024:** Construction and development work at Noida International Airport is at an advanced stage and we continue to pass important milestones on the road to operational readiness. This is a large and complex project, and the next few weeks of construction activities are crucial. Work on the runway, the passenger terminal and the control tower, is well advanced. Recently, the concessions for ground handling, the operation of commercial areas and important maintenance contracts were awarded. In addition, agreements have been signed with several airlines for flight connections from Noida International Airport.

In view of the current construction status, we expect to begin commercial operations by end of April 2025. We are working together with our EPC contractor Tata Projects Limited and with other stakeholders to keep the pace of construction activities and preparations for operational readiness high. We are committed to our goal of delivering a sustainable and world-class airport for Delhi NCR and Uttar Pradesh.

### About Noida International Airport

Noida International Airport (IATA code - DXN) will connect the greater Delhi area and Western Uttar Pradesh with other cities in India and the world. This world-class airport will combine Swiss efficiency and Indian hospitality to offer rich experiences and comprehensive commercial attractions and services to its passengers. NIA will be the first airport in its class in India to achieve net zero emissions, setting a new standard for sustainable airport operations. At its opening, the airport will feature one runway and one terminal and handle a capacity of 12 million passengers – with the potential for further development in additional construction phases.

Yamuna International Airport Private Limited (YIAPL) was established for the development, construction and operation of the greenfield project - the Noida International Airport. The company, a 100% subsidiary of Zurich Airport International AG, is responsible for the implementation of the public-private partnership project in close partnership with the Government of Uttar Pradesh and the Government of India. The concession period for Noida International Airport commenced on October 01, 2021 and will run for 40 years.
